

## Vote Mali Jones for Open Seat!

### Manifesto

If I am elected as a Union Council officer I believe that I would be an easily accessible and friendly link between students and the union council.

- First and foremost I believe that it is very important for all students to have a voice, especially first years who may find it hard to express their opinions. I pledge to make it easier for everyone to make themselves heard. I would be there to hear students' problems and voice them clearly and fairly. I want to make information clear and accessible to students, especially new ones.
- I feel it is important to have a better bus service from the halls at Oadby in the mornings so we don't have to catch a bus at 8.00 just to arrive on time for 9 o'clock start because the buses are so packed.
- I would like to make the catered halls canteens much healthier (and tastier!) It is unfair to let students live on unhealthy, un-satisfying food. I want more healthy options and less slop and grease and more variety!
- Some changes that I would like to see in the Union for nights out is more diversity in music and drinks, I'm sure we've all heard the same songs over and over since the start of term! I also think there should be some sort of guest list for student's friends so that non-students who are friends of Leicester students can enter, hopefully this will make it harder for non-students who have no connection to the university to enter the union on nights out.
- We need a cash point in all student halls, and maybe a little shop for necessities.
- Lastly I will back and improve all the current campaigns that are running, for example Big Green week and pushing Fair trade, and of course the fight against lifting the cap on tuition fees.
