

MARC BURGESS- MANIFESTO 2008

Vote for me because;

I'm a politics student, and am involved with current issues that affect YOU on a daily basis.

I am willing to listen to all views on issues and if I agree, or believe the cause is worthy, I will actively fight for it to be addressed in council meetings.

I am friendly natured, and approachable

I'm already actively involved– as a member of the Politics society and Men's Hockey Club.

Proposed by Pete Gott (Union media and communications officer, and branding team). Seconded by Andy McCluskey (Beaumont Hall JCRC president).

My main propositions for improvement are...;

- 1. To improve further how 'green' the University is.**
- 2. To improve further the student nights out.**
- 3. Encourage more involvement of students in societies.**
- 4. Look into the possibility of a cheap student night on a Saturday.**
- 5. Improve further sports facilities, and possibly the amount of funding that sports societies get.**
- 6. Encourage more activities such as the 'come and try' scheme.**
