

Hello, my name is **Ravinder Bhuee** but most people will probably know me as "**Rav**". I hope to be elected as a member of the student council i.e. I hope to be elected for the post of an "**Open seat**".

Hopefully many people will be voting for me this coming Thursday. If I get elected for an open seat I hope to be able to do the following:

- Listen to students and help them with any issues that they may have such as tuition fees/ debt. As there are only 25 open seats I feel that with my charisma and my positive attitude outlook I can truly make a difference. Hopefully students will notice my friendly attitude and not be afraid to approach me..

- I hope that I can create fun ways to make bad situations better by making people come together so that they don't feel alone at any stage or feel that they have nobody to talk to. Perhaps this could be done by having raffles or fund raising events for charity

- I hope to make the Economics department really stand out and I hope to represent the students within the department in a positive way by speaking out about what is good and bad about the University- I'm quite sure there will be nothing bad!

- Lastly, if I get elected there will be an additional 24 open seats. By us students sticking together I hope that we will give the university a positive outlook and represent every students best interests!

VOTE RAV!!!

Thank you :-)
